ABOUT TOUAX:

Founded in 1898 and listed on the Paris stock exchange since 1906, TOUAX puts its know-how and expertise in modular construction and sustainable transport to work for its customers. TOUAX has been involved in modular construction since its beginnings in the 1970s, more than fifty years ago, and today operates one of the few world-class production plants that is triple certified for quality, safety and the environment using Lean Six Sigma methodologies, enabling it to meet its customers' needs for all their projects, particularly those requiring high performance.

OUR PROMISE:

At Touax, our promise is to offer you an alternative to traditional construction by providing you with a better quality turnkey building solution, at a lower cost and with much shorter lead times, so that you can get on with it more quickly and without worrying about completion.

BENEFITS AND CERTIFICATIONS:

Our "ProSite" range of modular buildings offers flexibility in layout, allowing you to configure your spaces to your specific needs. Thanks to our expertise in modular construction, we are able to deliver and install your workspaces quickly, reducing fit-out times and getting you up and running faster.

Recognising that every business has unique needs, our modular solutions can be customised to reflect your company's identity and culture, creating a turnkey working environment. What's more, our solutions are designed to maximise the use of space, allowing you to make the most of your premises while increasing operational efficiency.

At Touax, the quality of our solutions is our priority. We are proud of our triple-certified factory and international standards that demonstrate our commitment to excellence and customer satisfaction. Our modular solutions meet the highest standards for safety, quality and durability.
